Staff Title Change Occurs

Anu Family Services announced Friday that it implemented a title change for all staff involved in licensing treatment foster families and placing children in treatment foster care. Effective immediately, these staff will hold the title of *TFC Permanence Specialist*.

The title change reflects Anu's long term goal to provide "the last placement prior to permanence for 90% of the children they serve." Anu's focus on improving child permanency outcomes at discharge ensures that more children experience the necessary love and connectedness they deserve that comes from belonging to a permanent family.
